PRIYANSHU CHANDA

Data Scientist

+91-8319902001 • priyanshuchanda2000@gmail.com • linkedin.com/in/priyanshu-chanda-ab6bb11b4

PROFESSIONAL SUMMARY

Detail-oriented Data Scientist with 3 years of experience in data analytics, machine learning, and scalable data processing. Proven track record in predictive modeling, feature engineering, and constructing end-to-end Machine Learning pipelines using Scikit-Learn. Skilled in developing analytical solutions, data integration, and building Proof of Concept (POC) systems in cloud environments. Strong cross-functional collaborator experienced in Agile methodologies, technical documentation, and delivering data-driven insights to key stakeholders. Holds a B.Tech in Computer Science.

TECHNICAL SKILLS

Programming Languages:	Python, SQL
Machine Learning & AI:	Machine Learning, Deep Learning, Generative AI (GenAI), Scikit-Learn, Predictive Modeling, NLP, Proof of Concept (POC) Development
Data Processing & Analytics:	Exploratory Data Analysis (EDA), Feature Engineering, Statistical Analysis, Data Cleansing, Data Pipeline Optimization
Cloud & Infrastructure:	Meghraj (NIC Cloud), MLOps Best Practices, Git Version Control
Data Visualization & Tools:	Data Visualization, Power BI, Tableau, Excel
Methodologies & Soft Skills:	Agile Methodologies, Technical Documentation, Stakeholder Collaboration, Data Storytelling, Analytical Thinking

PROFESSIONAL EXPERIENCE

Data Science Intern — **IIM Skills** Remote, IN | May 2026 – Jun 2026

- Engineered end-to-end Machine Learning pipelines utilizing Scikit-Learn, conducting hyperparameter tuning to optimize predictive model accuracy by 15% on benchmark datasets.
- Performed rigorous exploratory data analysis (EDA) and feature engineering on complex structured and unstructured datasets to deliver actionable business insights.
- Collaborated in an Agile development environment to streamline data preprocessing, cleanse datasets, and validate predictive model performance.

Software Developer & Analytics — **Akiko Sherman Infotech** Delhi, IN | Nov 2024 – Sep 2025

- Executed data analysis, data integration, and statistical reporting for national-level government projects (Ministry of Social Justice and Empowerment) on Meghraj cloud infrastructure.
- Partnered with cross-functional technical teams and database stakeholders to define requirements and deliver statistical data modeling solutions.
- Communicated complex analytical findings and created technical documentation for key business and non-technical stakeholders.

Software Developer & Analytics — **Velosis Systems Pvt Ltd** Delhi, IN | Jun 2023 – Oct 2024

- Optimized end-to-end data pipelines to cleanse and integrate data efficiently, reducing data processing time by 20%.
- Designed and deployed interactive Power BI and Tableau analytical dashboards, improving reporting efficiency by 25% for high-level decision-makers.
- Leveraged statistical methods and visualization tools to predict emerging trends and evaluate operational metrics across public systems.

Trainee Software Developer — **Universal Informatics** Indore, IN | Aug 2022 – Feb 2023

- Built and maintained web application components using JavaScript technologies, troubleshooting code and ensuring scalable performance.
- Collaborated with cross-functional development teams to implement features and refine technical documentation.

PROJECTS

Airbnb Price Prediction Engine

- Built an end-to-end Scikit-Learn machine learning pipeline incorporating Linear Regression and Random Forest models to predict price trends and rental values.
- Validated predictive model performance, performed feature selection, and documented system execution steps.

National Informatics Centre (NIC) Government Data Infrastructure

- Architected data pipeline infrastructure and designed interactive analytical dashboards for national-level public systems (NHA and NOS) deployed on Meghraj cloud.

Amazon E-Commerce Exploratory Data Analysis

- Applied statistical analysis and data visualization on large-scale e-commerce datasets to identify consumer purchasing behavior and pricing trends.

EDUCATION & CERTIFICATIONS

B.Tech, Computer Science: MIT Group of Institutes, Ujjain (Graduated: 2022)

Certifications: Data Science Master Course Certificate — IIM Skills (2026)
